Arrival and Departure
The journey to the start in Maloja or Pontresina lies in the responsibility of the participants. There are only few public parking spaces available in Maloja. Free Engadin Skimarathon shuttle buses are available at the finish, which run to S-chanf station between 10.30 am and 3.00 pm. The finish area in S-chanf will also be served by the Engadin Bus line 608 during these days. All public transportation costs (for arrival and departure) are to be paid by the participants themselves. There are no parking spaces available at the finish area in S-chanf. We recommend the return journey by public transport.

The train stop S-chanf Marathon will not be served by the Rhaetian Railway (RhB).

Starting times and starting procedure
The start will take place individually between 8th March and 10th March 2027 between 08:00 and 12:00 a.m. After 12.00 noon the starting area will be closed and the timing will no longer be triggered. The day of the run, the exact start time as well as the starting place (Maloja or Pontresina) do not have to be announced in advance.

As soon as the participant crosses the **starting line**, time measurement is activated. For 30 minutes, the starting line can then be crossed as many times as you wish – only the last triggered time is valid. This means that there is enough time for photos etc.

Should the participant forfeit the race, it can't be restarted (time measurement will not be triggered). It is possible to participate several times at «Engadin Skimarathon - individual», but it requires a new registration each time.

Official closing time
The finish in S-chanf will be closed at 3 p.m. Time will no longer be measured after 3 p.m. Skiers who arrive at the finish line after the official closing time will not be classified. The race can therefore not be evaluated.

Catering along the racecourse and at the finish line
There will be a small refreshment post on the route. Participants can eat at the Marathon Chalet in the finish area. A small selection of grilled food and pasta as well as drinks will be available. Catering at the finish area can either be purchased as a package («Gnusspäckli») at registration or obtained on site in S-chanf. The catering service at the finish area will be open until approx. 3.30 pm.

Transportation of personal effects
An effects transport service is offered, which takes the effects from Maloja via Pontresina to the finish are in S-chanf. There are no locker rooms available at the start and finish. Transport will take place twice a day (9.30am & 11.30am). Please note that the first transport does not arrive in S-chanf before 10.20 am and the second transport not before 12.20 pm! Runners starting in Pontresina and dropping off their effects are therefore advised not to start too early. You can drop off the bags at the Maloja Tourist Information or at the cross-country center in Pontresina. 1 bag of effects per participant (rucksack, bag, pouch, bag) - Please do not hand in individual items!
